Tri Origin Announces Closing of \$600,000 Non-Brokered Private Placement

NOT FOR DISTRIBUTION TO UNITED STATES NEWS WIRE SERVICES OR FOR DISSEMINATION IN THE UNITED STATES

Aurora, Ontario– Tri Origin Exploration Ltd. (**TSX-V: TOE**) (the “**Company**”) is pleased to announce that further to its press release of March 26, 2018 it has completed a non-brokered private placement financing to raise \$600,000 through the issuance of 8,777,466 common shares (“**Common Shares**”) and 11,222,534 flow-through shares (“**Flow-Through Shares**”) at a price of C\$0.03 per Common Share and Flow-Through Share (the “**Offering**”). All securities issued pursuant to the offering are subject to a four-month and one day hold period from the date of closing.

Net proceeds from the Offering will be used for mineral exploration and drilling on the Company’s key gold projects in the Province of Ontario and for general working capital purposes. The proceeds received from sale of Flow-Through Shares will be used to incur expenses which qualify as Canadian Exploration Expenses for purposes of the *Income Tax Act* (Canada). None of the proceeds of the Offering shall be payable to non-arm’s length parties except for general corporate purposes in the ordinary course of business.

A cash finder’s fee of \$12,780 was paid to finders in connection with proceeds raised by finders pursuant to the Offering.

The securities offered have not been registered under the U.S. Securities Act of 1933, as amended (the “U.S. Securities Act”), or applicable state securities laws, and may not be offered or sold to persons in the United States absent registration or an exemption from such registration requirements. This press release shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.

The Offering is subject to certain conditions including, but not limited to, the receipt of all necessary approvals, including final approval of the TSX Venture Exchange and applicable securities regulatory authorities.

Forward Looking Statements:

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release. This News Release includes certain “forward-looking statements” which are not comprised of historical facts. Forward-looking statements include estimates and statements that describe the Company’s future plans, objectives or goals, including words to the effect that the Company or management expects a stated condition or result to occur. Forward-looking statements may be identified by such terms as “believes”, “anticipates”, “expects”, “estimates”, “may”, “could”, “would”, “will”, or “plan”. Since forward-looking

statements are based on assumptions and address future events and conditions, by their very nature they involve inherent risks and uncertainties. Although these statements are based on information currently available to the Company, the Company provides no assurance that actual results will meet management's expectations. Risks, uncertainties and other factors involved with forward-looking information could cause actual events, results, performance, prospects and opportunities to differ materially from those expressed or implied by such forward-looking information. Forward looking information in this news release includes, but is not limited to, the Company's objectives, goals or future plans, statements, exploration results, potential mineralization, the estimation of mineral resources, exploration and mine development plans, timing of the commencement of operations and estimates of market conditions. Factors that could cause actual results to differ materially from such forward-looking information include, but are not limited to failure to identify mineral resources, failure to convert estimated mineral resources to reserves, the inability to complete a feasibility study which recommends a production decision, the preliminary nature of metallurgical test results, delays in obtaining or failures to obtain required governmental, environmental or other project approvals, political risks, inability to fulfill the duty to accommodate First Nations and other indigenous peoples, uncertainties relating to the availability and costs of financing needed in the future, changes in equity markets, inflation, changes in exchange rates, fluctuations in commodity prices, delays in the development of projects, capital and operating costs varying significantly from estimates and the other risks involved in the mineral exploration and development industry, and those risks set out in the Company's public documents filed on SEDAR. Although the Company believes that the assumptions and factors used in preparing the forward-looking information in this news release are reasonable, undue reliance should not be placed on such information, which only applies as of the date of this news release, and no assurance can be given that such events will occur in the disclosed time frames or at all. The Company disclaims any intention or obligation to update or revise any forward-looking information, whether as a result of new information, future events or otherwise, other than as required by law.
